Product Brochure

VisNet® CableSniffer²⁻¹

Faster fault repairs with
fewer excavations

Document Version: V4
UK / 17.10.25

PUBLIC

www.visnet.tech

The VisNet® CableSniffer²⁻¹ is a revolution in underground cable fault location.

Revolutionising underground cable fault location, the VisNet® CableSniffer²⁻¹ makes pinpointing faults faster, safer, and more cost-effective than ever before

Business Benefits

- Locates faults FAST on all Low Voltage (LV) power cables.
- Accurate to within 1 metre.
- Fewer excavations mean less disruption and reinstatement.
- Improved customer service – faults fixed more quickly.
- Minimal training required.
- Excellent return on investment.
- Calibration reminder.
- IP65 rated.

User Features

Proven in the field

CableSniffer²⁻¹ is deployed by network operators throughout the UK to rapidly and effectively pinpoint LV cable faults and minimise customer disruptions.

“

This means quicker restoration of service for our customers and far fewer holes in the road, with the added bonus of major cost savings. It's a classic win-win solution for everyone concerned.

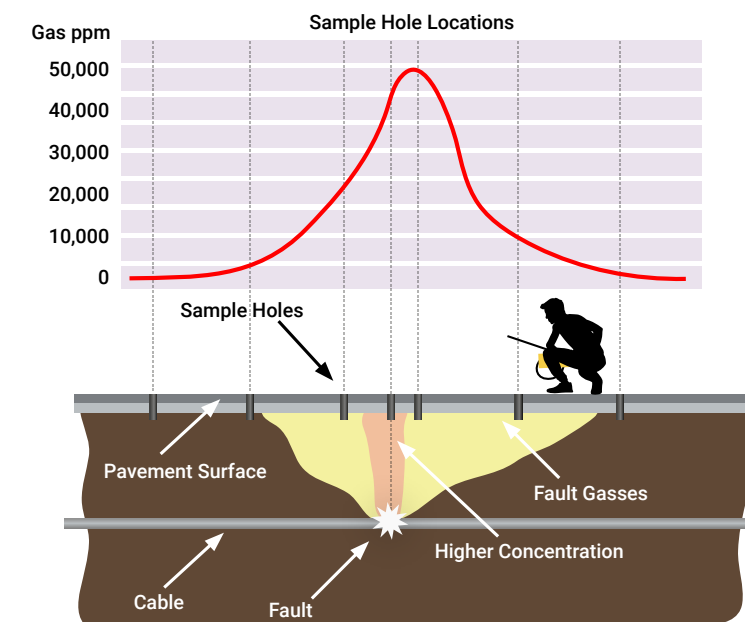

”

John Morea,
Former Director of Engineering,
Scottish and Southern Energy.

Product Benefits

- Senses gas concentrations as low as 60ppm.
- Precision gas analysis takes the guesswork out of fault location.
- 'No reading' is virtually a guarantee that the cable is not at fault, thus eliminating needless excavations.
- Kit includes sensor probes, spare filter papers, battery charger and carry case.
- Lightweight and portable.
- Easy to use.
- Hydrophobic nozzle and filters to keep water and dust out.
- Accurate and Reliable.

CableSniffer²⁻¹ Fault Identification

Options

CableSniffer²⁻¹ Searcher Bar System

Includes:

CableSniffer CS2-1 Instrument (1),
Carry Case (1),
Battery Charger (1),
Connector Hose (1),
In-line Filter Assembly (1),
Top Hat Adaptor (1),
Sensor Straw (10),
Spare Filter Paper (4),
Spare Particulate Filter (4)

Excludes:

CableSniffer²⁻¹ Searcher Bar System

Product Code: CS2-1-SBS

CableSniffer²⁻¹ Drill System

Includes:

CableSniffer CS2-1 Instrument (1),
Carry Case (1),
Battery Charger (1),
Connector Hose (1),
In-line Filter Assembly (1),
Sensor Straw Adaptor (1),
Sensor Straw (10),
Spare Filter Paper (4),
Spare Particulate Filter (4)

Excludes:

CableSniffer²⁻¹ Drill System

Product Code: CS2-1-DS

Calibration Service

We recommend annual recalibration of the **CableSniffer²⁻¹** in our factory.

Product Code: CS2-1-CAL

Global Support

The **CableSniffer²⁻¹** can be supplied and supported worldwide (subject to Regulatory Compliance approval), through our network of international sales offices and distribution partners. We provide excellent lifetime support for this system, including:

- Installation and commissioning.
- Training.
- Technical support.
- Online data analysis and reports.
